

Future Builders

Sponsorship Opportunities

The NCSEA Foundation's K-12 Future Builders program is a nationwide initiative to inspire students to explore structural engineering through hands-on toolkits delivered in partnership with state engineering associations and classroom educators.

Benefits	Master Builder \$50,000	Frame Constructor \$20,000	Beam Connector \$10,000	Structure Supporter \$5,000
Recognition on the Future Builders website and in newsletters				
Logo placement on course materials and annual impact report				
Prominent visibility across all curriculum materials and logo on toolkits				
Branded building block, top-tier logo placement, and recognition in national videos
